

<u>Time</u>	<u>Tuesday, 2/16</u>	<u>Time</u>	<u>Wednesday, 2/17</u>	<u>Time</u>	<u>Thursday, 2/18</u>
8:00	Registration	8:00	Nathan Buehring, Rice Production Issues for the 2010 Growing Season	8:00	J Stevens, Nutrient Use in Agronomic Crop Production
				8:45	Wayne Ebelhar, Corn/Cotton Rotation Soil Fertility Issues
				9:30	Richard Ingram, MDEQ Nutrient Reduction Task Force
9:00	Darrin Dodds, Cotton Production in 2010	9:00	Tim Walker, Nutrient Management Issues in Rice		
9:25	Dan Reynolds, Weed Control in Cotton	9:30	Jeff Gore, Rice Insect Management	10:20	Break
9:50	Herb Willcutt, Cotton Module Builders	10:00	Break	10:35	Dan Prevost, Delta F.A.R.M. Nutrient Reduction Implementation
10:20	Break	10:20	Joe Massey, Water & Energy-Saving Rice Irrigation Practices		
10:35	Spider Mite Management in Cotton - John Smith	10:50	Jason Bond, Herbicide Resistant Weed Issues in the Mississippi Delta	11:05	Dean Pennington, Addressing Challenges in Mississippi Delta Crop Water Use
11:05	Tarnished Plant Bug Management in Cotton - Don Cook	11:20	John Campbell, Pesticide Drift Claims in 2009 and New Regulations for 2010		
11:35	Supplemental Revenue Assistance Payment (SURE) Program Update – Gary Morrison – USDA – FSA				
12:05	Lunch	11:50	MS-ASA Luncheon	12:00	Lunch
1:00	Trey Koger, Mississippi Soybean Production in 2010	1:00	Erick Larson, Mississippi Corn Production in 2010	1:00	Rachael Stout-Evans, The Modern Soil Survey in the Delta
1:30	Tom Allen management of late-season cercospora	1:50	Tom Allen, Plant Health Issues and Challenges in Midsouth Corn Production	1:50	Jason Krutz, Agronomic and Environmental Implications of Enhanced Atrazine
2:10	Angus Catchot				

	red-banded stinkbug management	2:40	Break		Degradation
2:50	Break	2:55	Chris Daves. Insect Management in Corn Production	2:40	Pesticide Usage and Groundwater Concerns – Tom Hoogheem – Monsanto (Retired)
3:10	Ryan Jackson bollworm management in soybean				
3:40	Mike Howell, Mississippi Peanut Production Update	3:45	Larry Oldham, Nutrient Use in Mississippi Row Crop Production	3:30	Adjourn
4:20	Tom Eubank weed management in Roundup Ready and Liberty Link soybean	4:30	Wayne Ebelhar, Nutrient Management and Seeding Rates for Corn Production Systems		
4:50	Adjourn	5:00	Adjourn		

Concurrent Session Agendas

February 18, 2010
Capps Center
Delta Research & Extension Center
Stoneville, Mississippi

Mississippi Association of Plant Pathologists and Nematologists

Plant Diseases: Mother Nature's Challenges – Mississippi Scientists' Solutions

7:30-10:00	Graduate Student Poster Competition		Setup 7:30-8:00 Judging 8:00-10:00
8:00	Opening Remarks	-	Dr. David Ingram President MAPPAN
8:10	Biological Weed Control Using Plant Pathogens: Progress and Future Directions	-	Dr. Doug Boyette USDA/ARS – Stoneville
8:40	New Diseases and Old Enemies: Pathogens To Watch Out For in 2010	-	Ms. Clarissa Balbalian Plant Disease Diagnostician Ent. & Plant Pathology
9:10	Bacteria: Friend and Foe of Plants	-	Dr. Shi-En Lu Ent. & Plant Pathology
9:40	Asian Soybean Rust Update	-	Dr. Tom Allen Delta Research & Ext. Center
10:00	Break		
10:20	Diseases of Bioenergy Crops In Mississippi	-	Dr. Maria Tomaso-Peterson Ent. & Plant Pathology
10:50	Soybean Viruses in Mississippi	-	Dr. Sead Sabanadzovic Ent. & Plant Pathology
11:20	MAPPAN Business Meeting	-	Dr. David Ingram President – MAPPAN
12:00	Adjourn		

Mississippi Weed Science Society
