Subject: **Greenhouse Tomato Short Course**

On March 6 and 7, the **22nd Annual Greenhouse Tomato Short Course** will be held in Raymond, Mississippi, at the Eagle Ridge Conference Center, 10 miles west of Jackson. You are invited to represent your company's products as an exhibitor at this educational event.

Last year, this program attracted about 130 participants from more than 20 states. These growers come to learn. Some are experienced growers, but most are either relatively new or come to gather information before venturing into the greenhouse business. *All are looking for great suppliers.* This is where you and your company come in.

Also, we are looking for a few companies interested in helping support the Greenhouse Tomato Short Course by sponsoring coffee breaks or meals. Please contact me if you would like to help out and we can discuss an appropriate level of support. All sponsors will be recognized verbally and with special signs and slides during the entire program.

To qualify as a vendor, please submit the following Application to Exhibit with a check for \$350 by mail, or register online after January 5. See the web site for details. **The deadline for registration is February 24.**

Your registration fee includes one 6-foot table, admission to the Short Course, two lunches, one supper, coffee, and refreshments. Vendors will be in the Eagle Room. If mailing, send the application and check to Dr. Richard G. Snyder, Mississippi State University, P.O. Box 231, Crystal Springs, MS 39059 (**made out to "GH Tomato Short Course"**).

The agenda, hotels, map, and directions are available on the web site. For more information feel free to email at Rick.Snyder@msstate.edu or call (601) 892-3731.
