

HIGH TUNNEL FIELD DAY

Thursday, March 10, 2011
 9:00 a.m. – 4:30 p.m.
MSU Truck Crops Experiment Station
Crystal Springs, MS

Interested in extending your growing season by producing in high tunnel? Join us for a high tunnel field day to learn about advantages of high tunnel production from MSU scientists and your fellow growers. Topic will also include high tunnel construction, marketing, organic certification, and vegetable production basics. Participants will have the opportunity to tour high tunnels currently being used to grow a variety of crops and learn more about a cost-share program for high tunnels that is available through USDA-NRCS.

The MSU Truck Crops Experiment Station is located at 2024 Experiment Station Road in Crystal Springs.
