

Citizens' Health Care Working Group

HEALTH CARE THAT WORKS FOR ALL AMERICANS

In cooperation with
Mississippi State
UNIVERSITY
Extension
SERVICE
msucares.com

You are invited...

to become a part of an historic discussion taking place right now across America – where citizens like you get to tell the policymakers in Washington what you like and don't like about our nation's health care system, and what tough choices our country should make to turn it into one that works for all Americans.

And your voice does matter. Your opinions will help form a citizens' action plan that the President and Congress are required by law to consider as they work to make health care work for all Americans.

to help shape national policy.

It is a chance to get the facts, weigh the tradeoffs, and tell the President and Congress exactly how you want your health care system to change.

You can register **FREE** online or by telephone...
