

MISSISSIPPI WOMEN in Agriculture

NxLevel Sessions Hattiesburg & Distance Ed

Are You Ready for the NxLevel?

Considering starting your own business or expanding a current operation to generate more profit? If so, then this is the opportunity for you. Participate in the premier entrepreneurial training program - NxLevel for Entrepreneurs. NxLevel is designed to teach business skills and practices that can help a small business owner succeed. Learn vital techniques and tools concerning financial management, market forecasting, marketing, deal making, business research and management, and legal issues.

NxLevel for Entrepreneurs is being offered as part of the Women in Agriculture Program and is designed to teach future entrepreneurs and business owners how to write a business plan from start to finish. The program will offer unique opportunities for interaction with business experts in various fields and hands on learning. NxLevel will help you take a closer look at business ideas, determine markets, and discover financing and business planning options. This program will be offered both in Hattiesburg, MS and at your local county Extension office through distance education.

For more information about this educational program, contact Sonia Hancock at womeninag@ext.msstate.edu or (662) 325-3207.

MISSISSIPPI STATE
UNIVERSITY
EXTENSION SERVICE

Funding for this project was provided by the Southern Region Risk Management Education Center, the USDA Cooperative State Research Education and Extension Service (CSREES) under funding number 2007-49200-03891, the Southern Rural Development Center, and the Mississippi State University Extension Service.
