

Planning and Organizing a Fishing Derby

The key to a successful fishing derby is planning and preparing. This information sheet provides direction to make your event a success.

Start 1 year ahead by forming a planning committee. This relatively small committee consists of key people responsible for each of the major parts of the derby: site, facilities, scheduling, publicity and promotion, finding sponsors, contributions, personnel (volunteers, officials), supplies and printing, and event operation (schedule for the day, rules, awards, and such). Each of these people may develop a subcommittee. Committee members may already be part of your youth sportfishing team, but don't overlook the opportunity to involve other volunteers and leaders in the community for this special event.

Here is a useful schedule to ensure your event runs smoothly:
